Dear Cheryl,

Pat and I wanted to thank you again for our beautiful back yard. Your insight and advice has made our empty yard into a calm and inviting place.

As a token of our appreciation, we compiled a photo book showing the transformation. We had intended to do this sooner, but Pat has been in Alabama with family since March (she returns in another couple of weeks) and I spent a month back there as well. In fact, she hasn't actually seen the yard in person yet, only in pictures.

Your skill, keen eye and the hard work of your crew made our project a great success.

Regards,

Jeff Boultinghouse
