To James & Cheryl,

Just a note to thank you for the great job you did for us. I was particularly impressed by the teamwork of your crew. It was so coordinated, so efficient, that it seemed at times as if they could read each other's mind. Without any wasted effort, the job moved smoothly and quickly.

When I asked one of the fellas how long they had all worked together as a team, he grinned and said, "For many years." Well, it shows! There wasn't a wasted movement, as your crew, under James' expert direction, took charge, and transformed my property into something I'm proud of.

When you return to do the backyard, I'll insist you finish on a Saturday- so I can throw a Bar B Que for your team!

Many thanks,

Dan Carrison
